Detailed Rationale

Crisil Ratings has assigned '**Crisil AAA/Stable**' ratings to Rs 35,000 crore of Non-Convertible Debentures (NCDs), Rs 2,20,000 crore of Rural Infrastructure Development Fund Deposit (MSE/PSL Deposit), Rs 25,000 crore of fixed deposits, bank loan facilities of Rs 1,40,000 crores and corporate credit rating, Rs 70,000 crore long-term certificate of deposit programme and '**Crisil A1+**' ratings to Rs 70,000 crores of short-term certificate of deposits programme of Small Industries Development Bank of India (SIDBI) and reaffirmed its '**Crisil AAA/Stable/Crisil A1+**' ratings on existing debt instruments of the entity.

The ratings continue to reflect the support that the bank receives from the government of India (GoI) because its pivotal public policy role in India's micro, small and medium enterprises (MSME) sector. The ratings also factor in the bank's robust capitalisation and healthy resource profile. The asset quality in the direct finance portfolio, though improving, remains weaker than that of the refinance book.

The bank's portfolio grew to Rs 4,84,933 crore as on March 31, 2024 from Rs 3,77,996 crore a year earlier, marking a year-on-year (y-o-y) growth of 28%, on a consolidated basis. Indirect finance book accounted for 94% of this overall portfolio (80% refinanced to Banks, SFBs and FIs; 12% refinanced to NBFC's and 2% refinanced to MFI's) and direct finance accounted for the remaining 6%. On a standalone basis, the loan portfolio stood at Rs 4,56,015 crore as on March 31, 2024, as against Rs 3,56,439 crore a year earlier. As of December 31, 2024, the loan book stood at Rs 4,64,118 crore, marking a modest expansion over the preceding nine-month period.

Analytical Approach

Crisil Ratings has combined the business and financial risk profiles of SIDBI, and its subsidiaries given the operational, managerial and financial linkages among the entities. Furthermore, the ratings continue to factor in the expectation of strong support from the government.

Please refer Annexure - List of entities consolidated, which captures the list of entities considered and their analytical treatment of consolidation

Key Rating Drivers & Detailed Description

Strengths:

Continuation of strong support from the government given SIDBI's key public policy role in India's MSME sector

SIDBI plays an important role in channeling finance to MSMEs and implements government initiatives for MSMEs, which is a major driver for India's manufacturing output. In addition, Micro Units Development and Refinance Agency (MUDRA), which lends to micro/small business entities, has been set up as a wholly owned subsidiary of SIDBI.

SIDBI played a pivotal role in implementing the different schemes of the government and the RBI to support the MSME sector after the pandemic. Since the onset of Covid-19, the RBI has allotted Rs 46,000 crore under three tranches of SLF to support MSMEs. Furthermore, SIDBI enhanced the scope of its current schemes, such as SIDBI Make-in-India Soft Loan Fund for Micro Small and Medium Enterprises and SIDBI Assistance to Facilitate Emergency response against Coronavirus, to support the MSMEs affected by pandemic-induced lockdowns. Subsequently, SIDBI has been instrumental in implementing schemes like EVOLVE, cluster development scheme, PM Vishwakarma, PM Swanidhi and others which were launched with the objective of supporting the growth, expansion and formalisation of the MSME sector.

The government is likely to continue supporting SIDBI given its role as the nodal agency for implementing public policies and channeling credit in the MSME sector.

Robust capitalisation

Capitalisation is supported by sizeable standalone network of Rs 35,719 crore as on December 31, 2024, and Rs 31,717 crore as on

March 31, 2024. On a consolidated basis, networth was Rs 34,147 crore as on March 31, 2024. Standalone overall capital adequacy ratio (CAR) was healthy at 18.5% as on December 31, 2024, having increased from 15.9% as on March 31, 2024 - lead by stipulated adoption of BASAL III norms for calculation of risk weights with effect from April 2024. On a consolidated basis, the overall capital adequacy ratio was 17.9% as on March 31, 2024.

Asset-side risks were adequately covered, with nil networth to net non-performing assets (NPAs) ratio as on March 31, 2024 (as net NPAs were negligible) on a consolidated basis as against 3,272 times, a year prior.

Subsequent to implementation of BASAL III guidelines from RBI with effect to April 1 2024, the minimum leverage ratio prescribed is 4 times which translates to around 24 times of Tier 1 capital, vis-à-vis earlier approved limited of 18 times of NOF (net own funds) by RBI for SIDBI. On March 31, 2024, the leverage ratio (including deposits) stood at 15.0 times (both consolidated and standalone) whereas on December 31, 2024, leverage was 13.5 on a standalone basis.

Healthy and diversified resource profile

Borrowings (including deposits), on a consolidated basis, were Rs 5,11,961 crore as on March 31, 2024 (Rs 4,00,604 crore as on March 31, 2023), of which deposits and bonds/debentures formed 47% and 19%, respectively. On December 31, 2024, borrowings (including deposits) were Rs 4,82,202 crore. The bank has access to funds at low interest rates under the special refinance schemes of the RBI. Resource profile has remained supported by stable traction in deposits allocated under the MSE refinance fund of SIDBI.

Cost of borrowings for the bank was 5.2% (based on average of year-end numbers) in fiscal 2024 against 4.1% in fiscal 2023. While there was a slight uptick in the same to 5.8% during nine months ended December 31, 2024 owing to the tail effect of macro interest rate scenario, SIDBI continues to mobilise funds at competitive rates.

Weakness:

Asset quality for the direct finance portfolio, though improving, remains a monitorable

Asset quality metrics of direct finance portfolio were impacted in prior years owing to slippage of a few large ticket exposures. However, SIDBI wrote off these legacy stressed accounts in fiscal 2022 and since then, NPAs from the direct finance portfolio have been stable and low.

As on September 30, 2024, GNPA for the direct finance portfolio stood at 0.32% (standalone) whereas for the indirect finance portfolio – GNPA was even lower at 0.01% (standalone) on the same date. At an overall level, GNPA stood at 0.02% on December 31, 2024 as against 0.01% on March 31, 2023.

Liquidity: Superior

The asset liability maturity profile as on February 28, 2025, is well matched across most buckets except the 3-6 months bucket where there is a negative cumulative gap. This gap is expected to be covered by uninterrupted rollover of liabilities during those respective time buckets.

As on March 31, 2025, SIDBI had total liquid investments of Rs 61,905 crore in the form of cash and bank balance (Rs 17,200 crore) and investment in government and other securities (Rs 44,155 crore). This balance excludes the benefit of inflows through scheduled collections. Against this, the scheduled debt obligations for the succeeding 3 months (April 2023 to June 2025) were Rs 85,828 crore.

Outlook: Stable

SIDBI is likely to continue to receive operational and funding support from the government and will maintain healthy capitalisation and resource profile over the medium term.

Rating Sensitivity Factors

Rationale and key rating drivers

CARE Ratings Limited (CareEdge Ratings) has reaffirmed Small Industries Development Bank of India (SIDBI's) ratings at 'CARE AAA; Stable / CARE A1+'. Ratings continue to factor SIDBI's role as the apex financial institution (FI) for promotion and development of the micro, small and medium enterprises (MSME) sector in India, healthy capitalisation levels, stable profitability metrics, strong resource profile, sound asset quality, and comfortable liquidity. Ratings also factor in Government of India's (GoI) and Reserve Bank of India's (RBI) support through budgetary allocations, continued access to the MSE Refinance Fund, equity contributions, past guarantees for foreign currency borrowings, and governance. CareEdge Ratings also takes into consideration concentrated lending profile of SIDBI. Top 10 exposures represented 57.48% of total exposure as of March 31, 2025.

Rating sensitivities: Factors likely to lead to rating actions

Positive factors: Factors that could individually or collectively lead to positive rating action/upgrade:

- Not applicable

Negative factors: Factors that could individually or collectively lead to negative rating action/downgrade:

- Any material changes in the government support and/or strategic role played by SIDBI in supporting the MSME sector.
- Significant dilution in the ownership by GOI and public sector entities.
- Deterioration in SIDBI's asset quality with gross non-performing asset (GNPA) ratio increasing to more than 3% of the total advances.
- Deterioration in SIDBI's standalone credit profile, including its profitability, liquidity and/or capitalisation metrics.

Analytical approach: Standalone

CareEdge Ratings has adopted standalone approach for analysing SIDBI, factoring in expected support from GoI. Funding requirements of subsidiaries have also been taken into consideration.

Outlook: Stable

Stable outlook factors in the continued support from the GOI, and that SIDBI will maintain healthy capitalisation, asset quality, and resource profile going forward.

Detailed description of key rating drivers:

Key strengths

¹Complete definition of ratings assigned are available at www.careratings.com and other CARE Ratings Limited's publications.

Strategic role in MSME development backed by GOI

Established in 1990 under an Act of Parliament, SIDBI serves as the apex financial institution for the promotion, financing, and development of the MSME sector in India. Designated as the nodal agency for MSME development, SIDBI benefits from sustained support from the GoI and RBI through budgetary allocations and access to the MSE Refinance Fund. Its major shareholders include the GoI (20.85%), State Bank of India (15.65%), Life Insurance Corporation of India (13.33%), and NABARD (9.36%), with the remaining stake held by public sector banks. SIDBI plays a pivotal role in MSME financing through direct and indirect lending, refinancing to banks and non-banking financial companies (NBFCs), and implementation of key schemes such as SMILE, CGTMSE, MUDRA, and TReDS. It also facilitates digital financial inclusion via platforms such as Udyamimitra and the GST Sahay app. With government-nominated directors on its board, SIDBI is expected to continue receiving strong capital and strategic support to enhance formal credit access for MSMEs.

Healthy capitalisation levels

SIDBI's capitalisation remains robust, with standalone tangible net worth increasing to ₹33,999 crore as of March 31, 2025, from ₹30,040 crore a year earlier. Under the revised Basel III norms effective April 2024, SIDBI comfortably surpasses the minimum regulatory thresholds for Capital Adequacy Ratio (CAR), Tier 1, and Common Equity Tier 1 (CET1)—reporting 19.62%, 18.58%, and 18.58%, respectively, against the norms of 9%, 7%, and 5.5%. Following regulatory changes, SIDBI is no longer subject to RBI-sanctioned borrowing limits (previously capped at 18x of net owned funds) and is now permitted a leverage ratio of up to 24x of Tier 1 capital. As of March 31, 2025, SIDBI's overall leverage, including deposits, stood at 15.08x (down from 15.88x in FY24). A proposed capital infusion of ₹5,000 crore (earlier 10,000 crore) by the Government of India is expected to further enhance its capital strength.

SIDBI's wholly owned subsidiaries are adequately capitalised and there is no anticipated requirement for capital support from the parent company in the near-to-medium term.

Strong resource profile

SIDBI's resource profile remains strong, supported primarily by domestic borrowings, low-cost MSE Refinance Funds, and a marginal share of overseas borrowings. As of March 2025, domestic borrowings constituted 61.63% of total resources (56.06% as of March 2024), MSE Refinance Funds accounted for 34.41% (39.65% as of March 2024), and overseas borrowings formed 0.23% (0.66% as of March 2024). In FY25, SIDBI was allocated ₹62,000 crore under the MSE Refinance Fund, of which ₹50,040 crore was received in the year, with the remaining received in Q1FY26. A similar level of priority sector lending (PSL) deposit allocation is anticipated in FY26. While MSE Fund allocation may decline as banks meet PSL targets, SIDBI is expected to maintain access to competitive funding, leveraging its apex FI status. A declining interest rate environment is expected to further reduce its overall cost of funds.

Stable profitability metrics

SIDBI's profitability, particularly its return on assets (RoA), continues to be moderated by regulatory caps on lending margins within the MSE refinance segment and its significant dependence on low-cost MSE funds. Spreads on refinancing through external borrowings also low (below 100 bps). In FY25, total advances grew by ~8.83% to ₹4.96 lakh crore, primarily driven by an increased share of higher-cost market borrowings replacing concessional MSE refinance funds. This shift resulted in a rise in lending and borrowing rates. Total income registered a 20.57% growth, supported by improved interest income, with yields rising to 7.03% (FY24: 6.86%). However, cost of funds also increased to 5.73% (FY24: 5.43%), leading to a narrowing of net interest spreads to 1.30% from 1.43% in the previous year. A marginal increase in credit costs (0.43% against 0.41%) further weighed on profitability, although this was partly offset by a reduction in operating expenses, which declined to 0.26%. Consequently, RoA saw a marginal uptick to 0.89% in FY25, compared to 0.87% in FY24. Spreads are likely to remain rangebound leading with opex and credit cost driving profitability metrics.

Strong asset quality metrics

SIDBI's asset quality, as measured by the gross non-performing assets (GNPA) ratio, marginally increased to 0.04% as of March 31, 2025, from 0.02% as on March 31, 2024. In absolute terms, GNPA remains comfortable at ₹183 crore, which is fully provided for, against a loan portfolio of ₹4,96,282 crore as of March 31, 2025. Majority non-performing assets arise from direct lending segment, which constitutes ~8% of the total loan book. Asset quality in the direct lending portfolio is comparatively weaker than in the refinance portfolio; however, its impact on overall asset quality metrics remains negligible.

CareEdge Ratings anticipates SIDBI's asset quality to remain robust given its predominant exposure to indirect finance—mainly banks and high-rated NBFCs—while direct financing exposure continues to be marginal.

Key weaknesses

Concentrated lending portfolio

As of March 31, 2025, indirect financing constituted 91.80% of the portfolio, slightly down from 93.65% a year earlier. Within this segment, refinancing to banks and financial institutions (FIs) and microfinance institutions (MFIs) declined, while refinancing to NBFCs increased. Refinancing to banks and FIs accounted for 77.64% of the total portfolio, followed by NBFCs at 12.93% and MFIs at 1.22%. Year-on-year, refinancing to banks and MFIs decreased by 1.98% and 0.70%, respectively, whereas refinancing to NBFCs and direct financing rose by 0.82% and 1.85%, which is in line with SIDBI's thrust on Direct Finance to provide an able ecosystem for the development of MSMEs in India.

Top 10 exposures represented 57.48% of total exposure as of March 31, 2025, down from 63.21%. This concentration risk is mitigated by low credit risk associated with the bank refinance portfolio, which forms majority exposures. Overall, despite high concentration, portfolio diversification and predominance of low-risk counterparties provide comfort on credit risk.

Liquidity: Strong

SIDBI's liquidity profile is strong as major portion of its loan book comprises refinance book with average period being 1-1.5 year, which is largely funded through rural infrastructure development fund (RIDF) deposits and long-term borrowings of a similar maturity. However, asset and liability management (ALM) statement as on March 31, 2025, exhibits negative cumulative mismatches in 29 days to 6-month buckets, which is expected to be filled through roll over of debts. It also has investments that are highly liquid and can be called at any time.

As of March 31, 2025, liquid investments totalled ₹51,652 crore, including cash and bank balances (₹17,672 crore) and government securities (₹33,980 crore). This excludes scheduled collections of ₹43,357 crore while scheduled debt obligations for the next three months stood at ₹1,11,727 crore. Due to its status as an apex financial institution, and that it is owned by GoI and its entities, SIDBI has strong access to capital market, which further strengthens its liquidity position.
