

Annual Report 2017-18

(Part - I)

En route to fulfilling Mahatma Gandhi's vision for small scale sector

Mission

MSMEs and address both financial and developmental gaps in the MSME ecosystem.

Vision 2.0

To transform as an All India Financial Institution to create an integrated credit and development support role for the Bank by being a Thought Leader, adopting a Credit - plus approach, creating a Multiplier effect and serving as an Aggregator, in the MSME space.

Letter of Transmittal

July 20, 2018

The Secretary, Ministry of Finance, Government of India, New Delhi

Dear Sir,

Annual Accounts and Report of the Board on the working of SIDBI - FY 2017-18.

In accordance with the Provisions of Section 30(5) of the Small Industries Development Bank of India Act, 1989, we forward herewith the following documents:

- (1) Copy of Annual Accounts of Small Industries Development Bank of India for the year ended March 31, 2018; and
- (2) A report of the working of the Small Industries Development Bank of India during the year ended March 31, 2018.

Yours faithfully,

dr

(Mohammad Mustafa) Chairman & Managing Director

Chairman and **Managing Director's Statement**

t is a great pleasure and privilege to share our performance during FY 2018 and the strategic direction of our iournev going ahead.

The year gone by

We have made significant strides during FY 2018 and have exhibited

remarkable growth across all key parameters:

- Robust growth of 37% in the Asset Base, thereby crossing the significant milestone of ₹1 lakh crore and standing at ₹1.08.869 crore as at the end of FY 2018.
- The Net Advances of the Bank at ₹95.291 crore as on March 31, 2018 compared to ₹68,290 crore as on March 31, 2017, reflecting significant growth of 39.5% in the loan book.
- The growth in Total Income of the Bank from ₹6.346 crore in FY 2017 to ₹6.600 crore in FY 2018, reflecting 4% increase over the previous year.
- The Bank registering the highest ever Net Profit of ₹1.429 crore for FY 2018 with a growth of 27.5% over the previous year.

The above achievements have been complemented with a decline in the Gross NPA ratio from 1.2% in FY 2017 to 0.94% in FY 2018, which was made possible by focused recovery and resolution mechanisms.

Consequently, the shareholders metrics have improved. The RoA increased from 1.42% in FY 2017 to 1.61% in FY 2018 and the RoE improved from 9.1% in FY 2017 to 10.2% in FY 2018. Earnings per Share for investors is up from ₹21 to ₹27.

₹1 Lakh Crore

66 Bank crosses

the significant

milestone of

of Asset Base and records the highest ever Net Profit 77

Our Future Endeavours

We are in the process of building an organization which is greatly committed to the cause of holistic MSME development through adoption of SIDBI Vision 2.0. The three thrust areas which hold the key to realize the Bank's Vision 2.0 include, bridging the credit gap through integrated focus on direct and indirect lending, promoting non-financial support to MSMEs and improving access to MSME data.

The Bank is bridging the credit gap by executing the MSME financing strategy through joint interventions of Direct Lending, which focuses on demonstrative and scalable products and Indirect Lending through multiplierimpact creating channels.

The Bank recorded a 48% growth in credit delivery through the Indirect Channel, which was the significant contributor to the overall growth of Advances. We will continue to focus on this channel as key to our Asset Book growth in the coming year along with well defined strategy to maintain margins. Our Indirect Finance channel has widened credit dissemination and ensured affordable credit to the end beneficiary, through strategic deployment of concessional resources, channelled through well rated intermediaries, which are emerging as the champions of MSME credit.

The Direct Lending business has been enhanced through a multi-pronged strategy of deepening last mile reach bolstered by strategic partnerships, widening reach through lower ticket size loans and scaling up through new products like Trader Finance Scheme which materialised in current FY, while simultaneously deploying enhanced risk mitigation measures. In future, the business would operate with a view to improve productivity and enhance

margins. One initiative we would like to highlight is our partnership with Micro Finance Institutions (MFIs) to extend credit to micro entrepreneurs requiring loans between ₹50,000 to ₹3 lakh at reduced interest rates promoting them from livelihood state to entrepreneurship state.

A contactless MSME loan platform, promoted along with Public Sector Banks, would take ease of credit access to the next level, thus driving inclusion in MSME financing space.

During the current FY, we have initiated a media campaign on the lines of 'UTI Swatantra', which envisages to encourage the entrepreneurship culture in the country. We have launched the ET MSE Awards which aims at finding the business leaders of tomorrow in the Micro & Small Enterprises sector. We have also forged tie-ups with technology institutes (IITs), management institutes (IIM Lucknow) and top business leaders of the country to provide training and mentorship to MSMEs. Awareness programmes have been initiated in 115 'Aspirational' districts for entrepreneurship development in association with CSC e-Governance Services India Ltd., which will be subsequently upgraded to Entrepreneurship Development Program and Micro Enterprises Promotion Program. Another initiative has been to arrange Exposure Visits for MSME units to large enterprises operating in their area to understand the intricacies of production, technology, quality and scalability.

We have undertaken several structural interventions to address the issue of information asymmetry, noteworthy being, *CriSidEx*-the MSE Sentiment Index and *MSME Pulse*-the MSME Health Tracker. These initiatives attempt to bring down the information asymmetry prevalent in the MSME sector.

Contribution by the Group Companies

I would also like to acknowledge the role of associate and subsidiary network of the Bank which create the all-encompassing ecosystem for meeting the varied needs of the sector viz. SIDBI Venture Capital Limited (SVCL), Micro Units Development & Refinance Agency Ltd (MUDRA), Acuité Ratings & Research Ltd (erstwhile SMERA), India SME Asset Reconstruction Company Ltd (ISARC), Credit Guarantee Fund Trust for Micro & Small Enterprises (CGTMSE) now branded as UDAAN, India SME Technology Services Ltd (ISTSL), Receivables Exchange of India Ltd (RXIL) and Online PSB Loans Ltd. The associate and subsidiary network would be a ugmented further through continuous enhancements.

Concluding Remarks

As a strategy, the Bank would continue to synergise with national missions of 'Universal Financial Inclusion', 'Startup India', MUDRA, Stand-up India, 'Digital India', 'Make in India' and so on. We firmly believe that by leveraging technology, the multifarious objectives of expanding outreach, cost reduction and above all democratizing credit access shall be realised.

I believe everything is achievable with the right spirit, hard work, energy, commitment, honesty, the right platform and the right strategy. If there is one thing I would like you to be swayed by, it is the incredible opportunities in the MSME space, given the revival of the GDP growth, Government thrust on MSME development and formalisation of the economy due to Demonetisation and GST. The revival efforts put in by the Bank's employees have already begun to bear fruit. which is visible in the FY 2018 numbers of the Bank and will be further visible in years to come. While the Bank still has areas of improvement, it has concrete plans to address problem areas and to improve on its strengths. I am confident of the Bank's ability to deliver better performance in the next financial year as well and the organization is geared to continue its journey of transformation.

Ar .

(Mohammad Mustafa)
Chairman & Managing Director

Directors' Report 2017-18

The Board of Directors of the Bank takes pleasure in presenting its Report on the overall business and operations of your Bank for the financial year ended March 31. 2018.

Your Bank started functioning in April 1990 with a mandate to serve as the Principal Financial Institution, for executing the triple agenda of promotion, financing and development of the Micro, Small and Medium Enterprise (MSME) sector as well as co-ordinating the activities of similar institutions in the sector.

Fiscal 2018 has been a landmark year for your Bank. Keeping in sync with the changing MSME landscape, your Bank embraced SIDBI Vision 2.0, to redefine its role as an All India Financial Institution to create an

integrated credit and development support ecosystem for Indian MSMEs, by being a Thought Leader, adopting a Credit-plus approach, creating a Multiplier effect and serving as an Aggregator, in the MSME space.

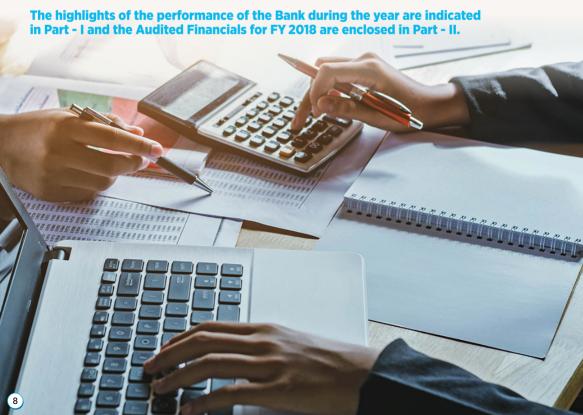

Your Bank has unveiled the new logo, repledging the commitment to make the MSME sector more vibrant, dynamic and responsive, as depicted by the energising blue and green colours, two intersecting forms of human and nature intermingling with each other and the dot of entrepreneurial spirit.

The highlights of operational and financial performance of the Bank are presented in the report.

The Growth Engine - MSMEs An Outlook

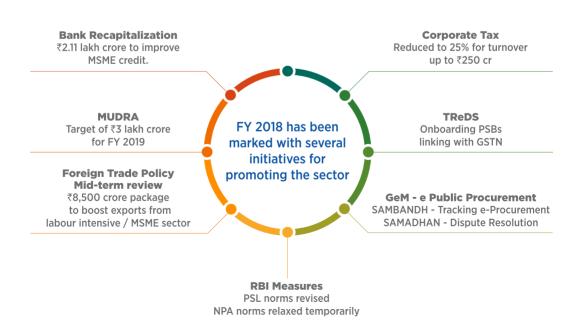

The potential of Micro, Small and Medium Enterprises (MSMEs) to lead the growth in any economy is a known and acknowledged fact.

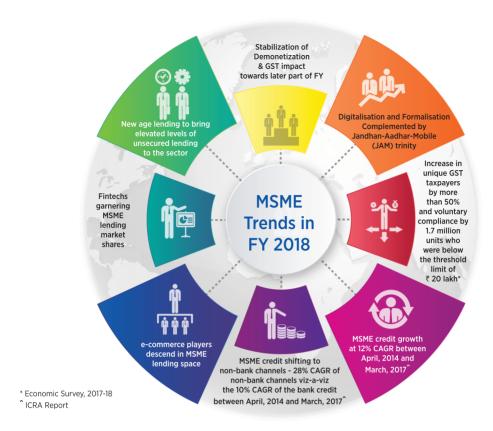

Sectoral Contribution

^{*} Economic Survey, 2017-18

Enabling Environment

Opportunities for MSME Lending

Global trade growth forecast at 4.2% by IMF in calendar year 2018

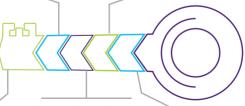

fuel country's export performance and **provide tailwinds to the MSMEs' growth prospects,** given the healthy contribution of 40% which they make to exports.

NPA movements in the MSE segments, as on March 31, 2018, trending lower against the large segment borrowers

MSME an attractive sector from a quality perspective.

Wider adoption of technology-based lending models to make significant contribution to risk containment.

Formalisation of the sector

Enlarging the target clientele for formal credit, apart from addressing information asymmetry.

^ ICRA Report

MSME numbers at 6.34 crore and the entities covered under formal credit channels at around 50 lakh

untapped market potential is substantial.

The demand-supply gap of credit sustained in FY 2018, with MSME credit as at end of FY 2018 being around 17% of the overall bank non-food credit

Substantial room for MSME focused lenders. An estimate pegged the credit gap in the MSME sector at ₹25 trillion in March 2017 itself. ^
