Lucknow - 226001
Phone No. 0522 4261 633/ 4261 685

1. Instructions to the Bidders

All the intending Bidders are requested to note the following important provisions-

- 1.1 Part-II of the tender document i.e. Technical Bid is to be read along with prequalification document (Part-I) and price bid (Part-III).
- 1.2 Part-II of the tender documents shall be taken into consideration of only eligible prequalified agencies selected after scrutiny of their applications, supporting documents vis-a-vis the prequalification criteria and other requirements as indicated in the Part-I of the tender document.
- 1.3 All the intending bidders, agencies should visit the site, go through the scope of work, schedule, manpower, intent, various compliance, etc. and quote accordingly in the price bid i.e. Part-III.
- 1.4 Provisions applicable for Micro and Small Enterprises (MSEs):-
 - a. SIDBI is governed by Public Procurement Policy for Micro and Small Enterprises (MSEs) as circulated by The Ministry of MSME, GoI.
 - b. These provisions shall be applicable to Micro and Small Enterprises (MSEs) registered with District Industries Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of Micro, Small and Medium Enterprises (MSMEs).
 - c. If deemed fit, the Bank may procure minimum of 20% of the contract value of any goods or services from MSEs. Further, the Bank reserves the right to procure part work/services (about 4% out of above 20%) to MSEs owned by SC and ST entrepreneurs, if found suitable. Provided, these MSEs quoting price within the price band of L1 +15% & bringing down their price to L1 price, in a situation where L1 price is from someone other than a MSEs. In case of more than one such MSEs, the supply shall be shared proportionately at the discretion of the Bank.
 - d. Further, such MSEs would also be entitled for tender sets free of cost and exemption from payment of earnest money deposit. In case of any issue on the subject matter, the MSE's may approach the tender inviting authority to resolve their grievances. Agencies desirous of availing preference under above provisions should submit a copy of proof of Registration as MSEs/ and ownership of the same by SC/ST along with the tender/RFP.
- 1.5 This document contains following Annexures which should be read and understood carefully while quoting the rates in the price BOQ i.e. Part III .
 - a. **Annexure A-** staff strength at site for various works.
 - b. **Annexure B-** Rate for supply of additional labours.
 - c. **Annexure C-** List, Type of Manpower and Wages.
- 1.6 Benefits under the Public Procurement Policy for Micro & Small Enterprises (MSEs) Order 2012 will be applicable.
- 1.7 The Pre-Qualification Criteria (PQC) related to prior turnover and prior experience of the bidder will be relaxed if the bidder is Micro and Small Enterprises or Startups and meets the quality and technical specifications described in the tender, subject to submission of valid supporting documents by the bidder.

(To be completed and submitted in Envelope No-2)**

complaint of Unclean premises and improper housekeeping		
Misbehaviours by the housekeeping staff to Bank employee or visitors by CONTRACTOR agency	per incident	1,000/- 1st incident & termination on 2 nd incident.
Recurring of irregularities given Double the penalties amount Mentioned except misbehaviour activity.		

10.2 It is, therefore, essential that contractor should maintain a sufficient stock of frequently used materials at site and keep proper inventory / records. Levy of compensation as above shall not absolve the contractor from his responsibilities.

10.3 **Further, a sum of Rs. 500/- (minimum) per incidence shall also be charged as compensation towards** non completion of the any other routine activities indicated in the scope of work. Maximum Ceiling on penalty /Compensation towards non attentiveness /delay shall be 10% of the total monthly bill amount. General Manager (Premises) shall be the final authority for decision in such matters which cannot be challenged.

11 Emergency work

It shall be contractor's responsibility to attend to emergency works in time. No extra payment will be made for working on odd hours / emergency works.

12 Additional work

12.1 If employer decides to place work order for additional scope of work in the same premises or amend the original contract for additional scope of work in the same premises, the contractor shall be bound to accept the same at rates accepted in the original work during the currency of the contract.

As regards additional labours deployed by the contractors on advice of the Bank, the payment shall be made as per the minimum wages notified by Central Govt. which shall not exceed the rates given in **Annexure B**.

12.2 Non completion of any activity shall attract a levy of penalty up to **150%** of the value quoted by the contractor or actual value incurred by the Bank whichever is more.

13 Payment of Minimum wages.

The Contractor shall pay applicable minimum wages to its employees/staff posted at sites as notified by the Central Govt. from time to time. Necessary undertaking in this regard shall be submitted by the contractor to the Bank every month along with the bills. The Bank reserves the right to check and verify the records/proof of such payments.

14 Rates, Taxes and Duties

Any other tax except GST (at applicable rates) in respect of this contract shall be payable by the Contractor. The Bank will not entertain any claim whatsoever in this respect.

15 Payment Terms

15.1 The bill shall be prepared by the contractor in the form prescribed by SIDBI on monthly basis after completion of month and will be settled by SIDBI within 15 working days (from the date of) after deducting necessary TDS, taxes, retention money etc. The bill, in proper form, must be duly accompanied by details of work carried out in that month and must show deduction for all previous payment. On completion of monthly service, all supporting documents like energy audit reports, audit reports, inspection reports and service report should be submitted along with the bill, failing in which, the contractor will be liable for appropriate penalty.

15.2 The Contractor's Bills should be prepared based on the actual joint measurements certified by the Bank's Engineer and accepted by the Contractor. The Contractor's bill enclosing the sanctioned work slips duly certified by the ACT / CT and Bank's Engineer only should be submitted to SIDBI, failing which the bill will not be accepted.

15.3 Monthly Bill to be submitted by the 1st week of every Month & the same will be checked and passed within 15 days from date of receipt of bill along with all the supporting documents. SIDBI may release part payment if the bill is incomplete as also to deduct suitable amount as penalty/compensation for the activities not completed.

15.4 The contractor is responsible for making timely payment to his employees / sub contractors approved by SIDBI. It is the responsibility of the contractor to submit the proof of payment along with the monthly bills else appropriate penalty will be levied as deemed to be fit.

15.5 In case of failure, the Bank reserves the right to cancel a part of contract or whole contract and award to suitable agency at the risk and cost of contractor.

15.6 The contractor should submit Monthly bill payment format approved by SIDBI along with enclosures while submitting the monthly bills. The contractor must submit Salary slips, PF Statement, ESIC Statement etc. of all the employees engaged along with the monthly bills else the bill will not be processed.

15.7 All the staff employed by the contractor at SIDBI site should have Bank A/C for direct credit of salary. No other mode of payment will be acceptable.

15.8 Salary of all the employees engaged by the contractor in SIDBI should be credited before 10th of every month.

16 Compliance with all Statutory requirements

17.1 The Contractor shall comply with all statutory requirements like labour laws, ESIC, Insurance ,PF etc., prescribed by the local as well as central government authorities from time to time and submit a monthly report along with all the required proof of compliance to the employer along with the monthly invoice. The contractor shall produce all the relevant statutory documents for inspection by the employer and the government authorities.

17 Insurance

18.1 The Contractor shall keep the employer, its employees/officials/servants or agents indemnified against claims, actions or proceedings brought or instituted against the employer, its employees/officials/servants or agents by any of the contractors' employees or any other third party in connection with relating to or arising out of the performance of the services under the agreement.

18.1 The contractor is also required to obtain the third party insurance for each incident other than ESIC as follows:-

- a. Personal injury - Rs. 3.00 lakh
- b. Property Damage - Rs. 3.00 lakh

18.3 Besides covering all employees of contractor under ESIC scheme, the contractor shall also require to obtain a workman compensation policy for an amount at least Rs. 2 Lakh per employee and covering all the staff during the contract period deployed at site. If contractor fails to comply with the above provisions, SIDBI reserves its right to deduct suitable amount from the contractor's payment and to pay directly to the insurance company for purchase of Insurance scheme as detailed above.

18. Indemnity

19.1 The contractor shall keep SIDBI indemnified against claims, if any, of the workmen and all costs and expenses as may be incurred by the SIDBI in connection with any claim that may be made by any workmen. The Contractor shall also execute an indemnity bond in favour of SIDBI, in the format approved by SIDBI, in this regard.

19. Occupational Health and Safety:

19.1 With regards to occupational health and safety, the Contractor shall adhere to the following:

- Issue Identity cards and uniform dress with caps to all of his employees.
- Comply with applicable local regulatory requirements.
- Comply with applicable Bank's requirements specified in the contract and appendices.
- Police verification of workmen/staff posted at site on half yearly basis.
- Correct all health and safety non-compliance's in a timely manner, and where there is an immediate danger to health or life, to stop work immediately.

19.2 Be liable for liabilities arising due to non-compliance of contractor employees, agents or subcontractors with applicable requirements

20 Safety Management:

20.1 Initiate and maintain safety management programs to protect contractor's employees from hazards through procedures, practices, and regular inspection of the work areas, materials, equipment and work practices and to protect employer's employees exposed to similar hazards.

- 20.2 Provide suitable material, equipment, information and training necessary for safe work performance as well as **SWATCH BHARAT ABHIYAAN**.
- 20.3 Maintain records including but not limited to contractor's employees' training, hazard assessments, communications, permits, licenses and accidental investigations.
- 20.4 In instances, where such work is carried out, implement permit to work programs, including but not limited to hot work, cold work, entry into confined spaces, work on fire suppression systems and work on high voltage and live electrical equipments.

21. Emergency telephone Nos.

The contractor shall provide an emergency telephone number for normal and out of hours operations with a maximum of two hour response time during any breakdowns to essential utility services like cable fault, burst water mains etc.

22. Head Cleaning Staff

Contractor shall employ and post experienced Head Cleaning Staff for proper supervision, coordination and monitoring the work in the premises as per the man power requirement. They shall be provided with a Mobile and accessible for 24 hours.

23. Subletting the work

The contractor shall not sublet the work without the prior permission of the Bank. However, he may be required to depute specialized agency/ies for a particular work, approval of which may be sought from the Bank before appointing. It shall be entirely contractor's responsibility to pay timely such agency/ies without any implication on the work. However, for Electrical Maintenance, contractor may sublet the work to licensed electrical contractor, after obtaining prior permission from the Bank, in case the contractor is not licensed contractor of Public Works Department (PWD).

24. Stationery

The contractor has to bear the cost of all the stationery, telephone, etc. required for proper execution and maintenance of record for the work. If found using SIDBI's material, bank may recover an appropriate amount from the contractor's bills.

25. Termination of Contract

The Bank may terminate the Contract, by not less than thirty (30) days' written notice of termination to the Bidder/Agency, to be given after the occurrence of any of the events specified in paragraphs (i) to (iii) of this Clause and sixty (60) days' in the case of the event referred to in (iv) below or even without assigning any reason:

- i. if the Bidder/Agency fails to meet the performance obligations under the

Contract.

ii. if the Bidder/Agency becomes insolvent or bankrupt.

iii. If the Bidder/Agency, in the judgment of the Bank has engaged in corrupt or fraudulent practices in competing or in executing the Contract.

iv. if as a result of Force Majeure, the Bidder/Agency is unable to perform a material portion of the Services for a period of not less than sixty (60) days.

For the purpose of this clause:

i. "Corrupt Practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the selection process or in contract execution.

ii. "Fraudulent Practice" means a misrepresentation of facts in order to influence a selection process or the execution of a contract to the detriment of the Purchaser.

26. Arbitration

1. Except where otherwise provided for in the contract, all questions and disputes relating to the provisions of this contract shall be settled under the Rules of Indian Arbitration and Conciliation Act, 1996, as amended from time to time, within thirty (30) days (or such longer period as may be mutually agreed upon from the date that either party notifies in writing that such dispute or disagreement exists.

2. All disputes and differences arising out of, or in any way, concerning this agreement (except those, the decision whereof is otherwise, hereinbefore provided for) shall be referred for sole arbitration by any person to be nominated by the Chief General Manager, APV, SIDBI. The venue of Arbitration shall be Lucknow, India and the arbitration proceedings shall be conducted in the English language. The award of the arbitrator so appointed shall be final and binding on both the parties and judgment may be entered thereon, upon the application of either party, by any court having jurisdiction.3. Indian laws shall govern this contract.

4. The existence of any dispute(s) or difference(s) or the initiation or continuance of the arbitration proceedings shall not permit the Parties to postpone or delay the performance by the parties of their respective obligations pursuant to this Contract.

27. INTEGRITY PACT

In order to avoid corrupt practice by following a system that is fair, transparent and free from any influence/prejudice dealing prior to, during and subsequent to the currency of contract, an Integrity Pact shall be signed between the bidder and the employer (SIDBI) on the standard format attached as *Proforma-IV* to *Part-I* of the tender.

28. Confidentiality

I. The contractor will be exposed by virtue of the contracted activities of internal business information of Bank, affiliates, and / or business partners. Disclosures of receipt of this tender or any part of the aforementioned information to parties not directly involved in providing the services requested could result in the disqualification of the consultant, premature termination of the contract, or legal action against the vendors for breach of trust.

II. In case the selected contractor acts is extending similar services to multiple customers, contractor shall take care to build strong safeguards so that there is no co-mingling of information, documents, records and assets related to services within the ambit of this tender and subsequent purchase order.

III. The contractor shall not, without the written consent of the Bank, disclose the contract or any provision thereof, any specification, or information furnished by or on behalf of the Bank in connection therewith, to any person(s).

IV. The contractor shall not, without the prior written consent of the Bank, make use of any document or information except for purposes of performing this agreement.

The selected vendor shall submit a non-disclosure agreement on non-judicial stamp paper of appropriate value as per the format enclosed.

29. SPECIFICATIONS/ FURTHER DETAILS

A. Housekeeping

1. Cleaning immediate periphery around the building
2. Cleaning the entire common area
3. Cleaning of office spaces
4. Sweeping and mopping of staircases, lift lobbies, passages etc.
5. Cleaning of glass panes, windows and other glass surfaces
6. Disposal of garbage
7. Cleaning of elevators
8. Polishing of metal surfaces
9. Weekly washing down of the compound area, driveways and basement of the building
10. Weekly scrubbing and cleaning of walls, floors and removal of cobwebs
11. Damp moping of tiles, vitrified floors, sidewalls and reception areas.
12. Emptying all waste paper baskets from the office premises.
13. Cleaning of glass table tops, cabin doors, cabin partitions and glass accessories.
14. Wipe clean all boards of meeting rooms, conference rooms, workstations, etc.
15. Wipe clean all table tops of workstations, cubicles and other furniture and fixtures.
16. Vacuuming of all rugs, carpets and blinds.

17. Thorough cleaning and sanitization of toilets, bathrooms and wash basins.
18. Keeping all surfaces free of grime, soap mud and smudges.
19. Quarterly Facade Cleaning including Glass and ACP with necessary equipments/materials/safety provisions.

B) ELECTRICAL INSTALLATION WORKS EARTHING

B.1 Requirement

- i) It shall be ensured that the following equipments are earthed:
 - 1) All metallic conductor enclosures.
 - 2) Under any of the following conditions, exposed non-current-carrying metal parts of the fixed equipment which are liable to be earthed.
 - a) Where the equipment is supplied by means of metal clad wiring
 - b) Where equipment is located in a wet location and is not isolated
 - c) Where equipment is located within reach of a person who can come in contact with any earthed surface or object.
 - d) Where equipment is located within reach of a person sending on the ground
 - e) Where equipment is in a hazardous location
 - ii) All metal enclosures of electrical equipment in sub-stations shall be effectively earthed.
 - iii) Before starting work on underground cables, all its conductors shall be discharged effectively and it's both ends are earthed. Dead cables shall be identified by available means and the adjacent cables, if any, shall be provided suitable protection.
 - iv) Static condensers shall be disconnected from the source of supply, discharged and then earthed before starting work on them. If they are charged, heavy sparks will be drawn from them. To discharge them completely, earthing rods shall be used and contact made with each terminal in turn and the same shall be repeated until no spark is observed.

B.2 MAINTENANCE

- i) The earthing device shall first be connected to an effective earth provided for the purpose and the other end of the earthing device shall then be connected to the conductors of the apparatus to be earthed. The process of removing the earth device shall be reverse of that adopted for placing the earth.
- ii) The earthing of all electrical apparatus and equipment in sub-station, distribution stations, etc. shall be periodically tested and inspected. Ordinarily a Megger Test to check continuity of earth will suffice and shall be done once in six months. Earth tester suitable for three electrode method of testing earths shall be used wherever required or as per local regulations.
- iii) All earthing systems shall, before electric supply lines or apparatus are energized, be tested for electrical resistance to ensure efficient earthing.
- iv) All earthings in systems shall be tested for affectivity on a dry day during dry season at least once a year.
- v) All earthings in systems shall be maintained and if upon testing, resistance is found to be higher than the prescribed values, immediate, steps shall be taken to rectify the faulty earth:

TENDER DOCUMENT Part II- Technical Bid
(To be completed and submitted in Envelope No-2)

S.No.	Installations	Maximum Resistance to earth (in Ohms)
1	Sub-section earthing stations	2
2	Steel poles and supports of low and medium voltage local distribution system	5
3	11KV transmission lines supports	5
4	U.P.S. / EPABX/ Lift	1

- vi) In case of pipe / plate electrodes earthing arrangement, three or four buckets of water shall be poured into the sump through the watering funnel once a month to keep the soil surrounding the earth pipe / plate permanently moist.
- vii) Care shall be taken to protect the earth wire against mechanical damage and possibility of corrosion particularly at the point of connection to earth electrode or earth continuity conductor. Remedial measures shall be taken, wherever necessary.
- viii) Periodical visual inspection of all earth, electrode connections wherever available, shall be carried out to ensure their rigidity and to check any other signs of deterioration.
- ix) Where installations are earthed to a metal sheath of the supply cable, it shall be verified periodically that the earth fault loop is in a satisfactory state.
- x) Monthly record of tests carried out shall be maintained as per the proforma given below and these shall be preserved for a minimum period of 2 years from the date of testing.

Maintenance of earthing System

C. TRANSFORMER / SUB-STATION

The building is having power supply from Madhyanchal Vidyut Vitaran Nigam Limited (MVVNL) with Transformer under Bank's scope. Contractor is required to coordinate with them as also ensure following precautions.

C.1 Safety precaution and Physical inspection.

Before starting any maintenance work, the transformer shall be isolated from the supply and the terminal earthed. No combustible material shall be kept near the

**TENDER DOCUMENT Part II- Technical Bid
(To be completed and submitted in Envelope No-2)**

transformer, while any maintenance work is being carried out. The following physical inspection shall be carried out:

- i) Bushings – The bushings both on H.T. and L.T. sides shall be checked for cracks and chips. Slight chip can be ignored but for major cracks, it is desirable to replace the bushings. Stock of the bushings shall be kept in consultation with the manufacturers. Bushings shall be checked quarterly and cleaned periodically.
- ii) External connection – It shall be ensured that all the connections are tight. If the connection strips are observed to be black and corroded they shall be removed, cleaned with emery paper and given heavy grease coating. If the connection strip is bluish it is an indication that it has been hot for some time. This means that either the connection has become loose or the conductor.
- iii) The physical check up of cables may be done on alternative or any peak load condition by touching so as to ascertain the normal or abnormal temperature with due precautions.
- iv) Remove dust from external surface monthly.
- v) Check up winding temperature daily (when indicator is provided).
- vi) Clean the coils and remove any deposits within the ventilation passage through which cooling air flanks.
- vii) General – General superficial conditions of the connecting cable on sides, cables joint box, etc. shall be checked half yearly.
- viii) Earth continuity particularly in case of transformers with neutral earthing and general earthing of the metal structure shall be checked annually. Records of the earth test results shall be kept.
- ix) A Log Book for transformer readings shall be maintained.
- x) The over load if any shall be only for specific duration as per manufacturers standard and remaining period rated load.

D. SUBSTATION AND INTERNAL ELECTRICAL INSTALLATIONS

From the point of view of safety of life and materials, various checks that shall be carried out are tabulated below:-

i)	General House keeping of the area to avoid collection of foreign materials like paper, rag waste, oil / grease and other inflammable materials.	Weekly
ii)	Verification of transformer tank, oil circuit breaker and other oil carrying equipments against oil leaks.	Monthly
iii)	Effectiveness of oil drainage system including piping and soak pit, where provided.	Six monthly
iv)	Checking of operation of all trip circuits, relays and instruments like voltmeters and ammeters by stimulating conditions	Six monthly
v)	Checking of internal wiring for control circuits of circuit breakers and tightening all loose connections (ensure that none of the controls and safeties (trip) circuits are by-passed at any time).	Six monthly
vi)	Against physical damage to main boards, switches and distribution boards and rising mains.	Six monthly
vii)	Tightening of all internal connections of cables in DBs, switch boards, rising mains, etc.	Six monthly

TENDER DOCUMENT Part II- Technical Bid
(To be completed and submitted in Envelope No-2)

viii)	Survey of lighting fixtures against physical damage to chokes, holders, internal wiring, etc.	Six monthly
ix)	Survey of point wiring against physical damage to conduit / batten / wires / supporting arrangement.	Six monthly
x)	Insulation resistance test of wiring system and equipment	Six monthly
xi)	Check against improper sizes of protective fuses	Six monthly
xii)	Check loads on mains, sub-mains, sub-mains and feeder points with long tester to ensure that there is no over-loading.	Six monthly

E. SWITCHGEARS, CABLES AND FIXTURES, ETC.

Whenever any additional load is added to electrical installation, the main switch, bus bar chamber, sub-main cable, circuit main, etc. shall be checked against overload.

The various periodical checks to be carried out in respect of switchgears, cables and fixtures, etc. are tabulated below:

E.1 BUS BAR CHAMBER

i)	Superficial inspection for abnormal temperature rise	Weekly
ii)	Cleaning the bus bar chamber (for dust and other foreign materials)	Half yearly
iii)	Checking the copper bus bars for any carbon deposits	Half yearly
iv)	Tightening the outlet jumper connection including resoldering wherever necessary	Half yearly
v)	Checking the bus bar insulators for breakage / failure	Half yearly
vi)	Megger testing (phase and phase to earth)	Yearly

E.2 FITTINGS

i)	Physical cleaning of luminaries (Fluorescent, incandescent fixtures) including the lamps	Half yearly
ii)	Checking of choke, etc. for overheating due to failure of insulation, etc. and replacing defective chokes wherever necessary.	Half yearly
iii)	Checking the terminal connections and internal wiring of the fixtures.	Half yearly

E.3 CABLES AND CABLE JOINTS

i)	Superficial checking of the cable and cable joint for abnormal temperature rise and any physical damage	Quarterly
ii)	Checking the condition of the bituminous compound (in case of cable joints for paper insulated cable).	Quarterly
iii)	Megger testing for insulation resistance between phases and phase to earth.	Yearly
iv)	Check the load on the cable (with Ampere meter / Tong tester).	Yearly

F) Plumbing

Plumber's Job responsibility shall be to attend to defects as and when arises on call basis. Payment will be released as per skilled basic category on per day actual hour of work basis to complete/ resolve the call.

30. SCHEDULE OF EQUIPEMNTS

Electrical Installation

The package consists of the following: -

1. 11 KV H.T. Pane I- 1No
2. 11KV Double Pole Structure - 1 No
3. 11/0.4 KV , 800 KVA Transformer - 1 No
4. 500 KVA DG Set - 1 No
5. 320 KVA DG Set - 1 No
6. Main LT Panel - 1 No
7. Emergency LT Panel - 1 No
8. All other LT Panels, cablings (HT<), internal wiring, rising main, DBs, Light and Power Points, etc.
9. Water lifting pumps - 4 Nos.
10. Sump pump - 2 Nos.
11. Electrically operated Gates - 2 Nos.
12. Cooling Towers with pumps for DG sets - 3 Nos.
13. Control circuit of all pumps in automatic mode.

DG Set Operation (Two DG Set of 500 KVA & 320 KVA Capacity)

In case of non-availability of main power supply, DG Sets already installed shall be operated & continuous power supply to the entire building has to be ensured. Diesel & other consumable shall be provided by the Bank. ***A record of operation (Log Book) of DG Sets is to be maintained.*** Cleaning & maintenance of cooling towers of the DG Sets are to be done regularly. The DG sets and DG room shall be kept clean.

Diesel will be provided by SIDBI through a Petrol Pump in the area at the cost of SIDBI. However, transportation of diesel from petrol pump to the premises and the cost of transportation will be contractor's responsibility. Contractor shall maintain a log book giving the details of diesel consumption. Contractor shall also coordinate with AMC provider engaged by SIDBI in case of any break-down of DG set.

Maintenance of Electrical Fan Motor of cooling Tower for DG set (three nos.)

Contractor has to maintain the above fan motors including it's periodical oiling & greasing. In case of any electrical fault / breakdown, contractor has to repair/ rewind the motors within 48 hours. The Contractor will be reimbursed the cost of rewinding / materials/ labour for rewinding /repair etc at the mutually agreed cost, on production of bills which shall be subject to verification. However, no labour payment shall be

admissible for minor repairs. In case of delay beyond 48 hours, a fine of ₹ 500/- per day of delay or part thereof shall be imposed.

Maintenance of Electrically operated gates (two nos.)

Contractor has to maintain the above gates including periodical oiling & greasing. In case of any electrical fault in the gates the contractor has to repair the same within 48 hours. The Contractor will be reimbursed the cost of rewinding / materials/ labour for rewinding / major repair etc at the mutually agreed cost, on production of bills which shall be subject to verification. However, no labour payment shall be admissible for minor repairs. In case of delay beyond 48 hours, a fine of ₹ 200/- per day of delay or part thereof shall be imposed.

LIFT

Sr. No.	Particulars	Description of lifts		
		Lift no. 1	Lift no. 2	Lift no. 3
1	Capacity	13 persons 884 KG	13 persons 884 KG	13 persons 884 KG
2	Speed	1.5 mtr. Per second	1.5 mtr. Per second	1.5 mtr. Per second
3	Travel	28.0 m	28.0 m	21.0 m

Non-Disclosure Agreement

(Sample Format – To be executed on a non-judicial stamped paper of requisite value)

WHEREAS, we, _____, having Registered Office at _____, (hereinafter referred to as the CONTRACTOR, which expression shall include its successor and permitted assignees) are agreeable to execute **“Tender for Annual Maintenance Contract for General Maintenance and Housekeeping and Electrical Maintenance of SIDBI’s Head Office building at SIDBI Tower, 15 Ashok Marg, Lucknow.”** as per scope defined in the Tender No. 314/2022/1657/HO1/Premises dated September 01st, 2021 for Small Industries Development Bank of India, having its Head office at SIDBI Tower, 15 Ashok Marg, Lucknow, 226001, (hereinafter referred to as the BANK) and,

WHEREAS, the CONTRACTOR understands that the information regarding the Bank’s Infrastructure shared by the BANK in their Request for Proposal is confidential and/or proprietary to the BANK, and

WHEREAS, the CONTRACTOR understands that in the course of submission of the offer for the said Tender and/or in the aftermath thereof, it may be necessary that the CONTRACTOR may perform certain jobs/duties on the Bank’s properties and/or have access to certain plans, documents, approvals, data or information of the BANK;

NOW THEREFORE, in consideration of the foregoing, the CONTRACTOR agrees to all of the following conditions, in order to induce the BANK to grant the CONTRACTOR specific access to the BANK’s property/information, etc.;

The CONTRACTOR will not publish or disclose to others, nor, use in any services that the CONTRACTOR performs for others, any confidential or proprietary information belonging to the BANK, unless the CONTRACTOR has first obtained the BANK’s written authorisation to do so;

The CONTRACTOR agrees that information and other data shared by the BANK or, prepared or produced by the CONTRACTOR for the purpose of submitting the offer to the BANK in response to the said tender, will not be disclosed to during or subsequent to submission of the offer to the BANK, to anyone outside the BANK;

If a court finds any provision of this agreement invalid or un-enforceable, the remainder of this agreement shall be interpreted so as best to affect the intent of the parties.

The CONTRACTOR shall not, without the BANK’s written consent, disclose the contents of this Request for Proposal (Bid) or any provision thereof, or any specification, plan, pattern, sample or information (to be) furnished by or on behalf of the BANK in connection therewith, to any person(s) other than those employed/engaged by the CONTRACTOR for the purpose of submitting the offer to the BANK and/or for the performance of the Contract in the aftermath. Disclosure to any employed/ engaged
