12. RISK FACTORS:

(a) Inflation risk: This arises when the rate of inflation increases. This will erode the value of your investment as the purchasing power of the bonds' coupons/ yield and principal falls.
(b) Interest rate risk: Bond prices are inversely affected by interest rate movements. A rise in interest rates could see a fall in bond prices. If interest rates fall, buyers pay a higher price to receive a coupon that is higher than the prevailing market rates.
(c) Call risk: Some bonds have a callable feature which gives the issuer an option to buy back (redeem) the bond before its maturity date at a predefined date. If a bond is called when prevailing interest rates are lower than at the time you bought it, you will be exposed to reinvestment risks.
(d) Credit risk: Bonds are forms of debt, so bond prices will be affected by the perceived credit quality or probability of default of the bond issuer. When an issuer defaults, you may lose all or a substantial part of your investment.
(e) Liquidity risk: Bonds are usually less liquid than equity. This may happen if the investors of a particular bond issue are largely buying to hold, so there are fewer buyers and sellers. This may make it harder to buy or sell the bonds. Even in cases where the bonds are listed or traded on an exchange, there is no certainty that a liquid secondary market will develop.
(f) Market risk: A bond's price/ value will fluctuate with changing market conditions, including the forces of supply and demand and interest rate changes.
(g) Reinvestment risk: In an environment of declining interest rates, investors may have to reinvest the income received and any return of principal at lower prevailing rates.

Detailed Rationale

Crisil Ratings has assigned its **'Crisil AAA/Stable'** rating to Rs 21,000 crore Non Convertible Debentures of Small Industries Development Bank of India (SIDBI) and has reaffirmed its 'Crisil AAA/Stable/Crisil A1+' ratings on existing bank facilities and debt instruments of the bank. Crisil Ratings has also **withdrawn** its rating on the bank's Rs 3,000 crore of non convertible debentures in line with its withdrawal policy. Crisil Ratings has received independent confirmation that these instruments are fully redeemed.

The ratings continue to reflect the support that the bank receives from the government of India (GoI) because its pivotal public policy role in India's micro, small and medium enterprises (MSME) sector. The ratings also factor in the bank's robust capitalisation and healthy resource profile. The asset quality in the direct finance portfolio, though improving, remains weaker than that of the refinance book.

The bank's consolidated portfolio grew to Rs 6,11,318 crore as on March 31, 2026 from Rs 5,23,038 crore a year earlier, marking a year-on-year (y-o-y) growth of 17%. Indirect finance book accounted for 91% of this overall portfolio (78% refinanced to Banks, SFBs and FIs; 13% refinanced to NBFC's and the remaining portion refinanced to MFI's) and direct finance accounted for the remaining 9%. On a standalone basis, the loan portfolio stood at Rs 5,79,755 crore as on March 31, 2026, as against Rs 4,96,282 crore a year earlier. As of June 30, 2026, the loan book stood at Rs 5,95,321 crore, showing a modest expansion in the first quarter of fiscal 2027.

Analytical Approach

Crisil Ratings has combined the business and financial risk profiles of SIDBI, and its subsidiaries given the operational, managerial and financial linkages among the entities. Furthermore, the ratings continue to factor in the expectation of strong support from the government.

Please refer Annexure - List of entities consolidated, which captures the list of entities considered and their analytical treatment of consolidation

Key Rating Drivers - Strengths

Continuation of strong support from the government given SIDBI's key public policy role in India's MSME sector

SIDBI plays an important role in channeling finance to MSMEs and implements government initiatives for MSMEs, which is a major driver for India's manufacturing output. In addition, Micro Units Development and Refinance Agency (MUDRA), which lends to micro/small business entities, has been set up as a wholly owned subsidiary of SIDBI.

SIDBI played a pivotal role in implementing the different schemes of the government and the RBI to support the MSME sector after the pandemic. Since the onset of Covid-19, the RBI has allotted Rs 46,000 crore under three tranches of SLF to support MSMEs. Furthermore, SIDBI enhanced the scope of its current schemes, such as SIDBI Make-in-India Soft Loan Fund for Micro Small and Medium Enterprises and SIDBI Assistance to Facilitate Emergency response against Coronavirus, to support the MSMEs affected by pandemic-induced lockdowns. Subsequently, SIDBI has been instrumental in implementing schemes like EVOLVE, cluster development scheme, PM Vishwakarma, PM Swanidhi and others which were launched with the objective of supporting the growth, expansion and formalisation of the MSME sector.

The government is likely to continue supporting SIDBI given its role as the nodal agency for implementing public policies and channeling credit in the MSME sector.

Robust capitalisation

Capitalisation is supported by sizeable standalone networth of Rs 41,809 crore as on June 30, 2026, and Rs 38,973 crore as on March 31, 2026. On a consolidated basis, networth was Rs 42,656 crore as on March 31, 2026. Standalone overall capital adequacy ratio (CAR) was healthy at 20.5% as on June 30, 2026 (20.1% as on March 31, 2026). On a consolidated basis, the overall capital adequacy ratio was 21.8% as on March 31, 2026. Asset-side risks were adequately covered, with nil networth to net non-performing assets (NPAs) ratio as on March 31, 2026 (as net NPAs were negligible) on a consolidated basis.

Subsequent to implementation of BASEL III guidelines from RBI with effect to April 1 2024, the minimum leverage ratio prescribed is 4 times which translates to around 24 times of Tier 1 capital, vis-à-vis earlier approved limited of 18 times of NOF (net own funds) by RBI for SIDBI. On March 31, 2026, the leverage ratio (including deposits) stood at 6.4% on a consolidated basis and 5.9% on a standalone basis whereas on June 30, 2026, leverage was 5.9% on a standalone basis.

Healthy and diversified resource profile

Borrowings (including deposits), on a consolidated basis, were Rs 5,94,284 crore as on March 31, 2026 (Rs 5,41,788 crore as on March 31, 2025), of which deposits and bonds/debentures formed 38% and 19%, respectively. On June 30, 2026, borrowings (including deposits) were Rs 5,82,646 crore. The bank has access to funds at low interest rates under the special refinance schemes of the RBI. Resource profile has remained supported by stable traction in deposits allocated under the MSE refinance fund of SIDBI.

On a consolidated basis, cost of borrowings[1] for the bank was 5.9% (based on average of year-end numbers) in fiscal 2026 against 5.6% in fiscal 2025.

[1] *Calculated based on Crisil Ratings' methodology (Cost of Borrowings = Interest Expenses/Average of opening and closing borrowings + deposits for the fiscal)*

Key Rating Drivers - Weaknesses

Asset quality for the direct finance portfolio, though improving, remains a monitorable

Asset quality metrics of direct finance portfolio were impacted in prior years owing to slippage of a few large ticket exposures. However, SIDBI wrote off these legacy stressed accounts in fiscal 2022 and since then, NPAs from the direct finance portfolio have been stable and low. At an standalone level, GNPA stood at 0.14% on June 30, 2026 as against 0.12% on March 31, 2026.

Liquidity Superior

The asset liability maturity profile as on June 30, 2026, is well matched across most buckets except the 6 months – 1 year bucket where there is a negative cumulative gap. This gap, estimated to be within the permissible limits, is expected to be covered by uninterrupted rollover of liabilities during those respective time buckets.

Liquidity profile is comfortable with total current liquidity of Rs 66,116 crore as on August 28, 2026 (including cash and cash equivalents of Rs 20,303 crore, Liquid Investments of Rs. 31,438 crore and unutilized lines of Rs 14,375 crore). This balance excludes the benefit of inflows through scheduled collections. Against this, the scheduled debt obligations for the succeeding 3 months (September 2026 to November 2026) were Rs 1,29,241 crore.

Outlook Stable

SIDBI is likely to continue to receive operational and funding support from the government and will maintain healthy capitalisation and resource profile over the medium term.

Rating sensitivity factors

Downward factors

- Any change in the support philosophy of the GoI or decrease in government shareholding, directly or indirectly (through quasi-government entities), below 51%

- Sharp weakening of the asset quality affecting profitability and capital levels.

About the Bank

SIDBI was incorporated as a wholly owned subsidiary of IDBI Ltd in 1990. It is the apex financial institution for the MSME sector. Return on assets (RoA) for fiscal 2026 stood at 0.9% (1.0% in fiscal 2025).

Growth in the asset book benefited profitability, resulting in higher PAT for quarter ending June 30, 2026, at Rs 1,929 crore against Rs 5,493 crore of PAT for fiscal 2026, on a standalone basis. RoA stood at 1.2% and 1.0% for the respective periods on a standalone basis.

Rationale and key rating drivers

CARE Ratings Limited (CareEdge Ratings) has reaffirmed Small Industries Development Bank of India's (SIDBI's) ratings at 'CARE AAA; Stable / CARE A1+'. Ratings continue to factor SIDBI's role as the apex financial institution (FI) for promotion and development of the micro, small, and medium enterprises (MSME) sector in India, healthy capitalisation levels, stable profitability metrics, strong resource profile, sound asset quality, and comfortable liquidity. Ratings also factor in Government of India's (GoI) and Reserve Bank of India's (RBI) support through budgetary allocations, continued access to the MSE Refinance Fund, equity contributions, past guarantees for foreign currency borrowings, and governance constrained by concentrated lending profile of SIDBI.

Rating sensitivities: Factors likely to lead to rating actions

Positive factors

- Not applicable

Negative factors

- Material changes in the government support and/or strategic role played by SIDBI in supporting the MSME sector.
- Significant dilution in the ownership by GoI and public sector entities.
- Deterioration in SIDBI's asset quality with gross non-performing asset (GNPA) ratio increasing to more than 3% of the total advances.
- Deterioration in SIDBI's standalone credit profile, including its profitability, liquidity, and/or capitalisation metrics.

Analytical approach: Consolidated

CareEdge Ratings has adopted consolidated approach for analysing SIDBI, factoring in expected support from GoI. Consolidated entities are listed under Annexure-5.

[1]SEBI: Securities and Exchange Board of India; RBI: Reserve Bank of India; MCA: Ministry of Corporate Affairs; IRDAI: Insurance Regulatory and Development Authority of India; PFRDA: Pension Fund Regulatory and Development Authority

[2]Complete definitions of the ratings assigned are available at www.careratings.com and in other CARE Ratings Limited's publications.

Outlook: Stable
Stable outlook factors in the continued support from the GoI, and that SIDBI will maintain healthy capitalisation, asset quality, and resource profile going forward.

Detailed description of key rating drivers

Key strengths

Strategic role in MSME development backed by GoI
Established in 1990 under an Act of Parliament, SIDBI serves as the apex financial institution for the promotion, financing, and development of the MSME sector in India. Designated as the nodal agency for MSME development, SIDBI benefits from sustained support from the GoI and RBI through budgetary allocations and access to the MSE Refinance Fund. Its major shareholders include the GoI (27.57%), State Bank of India (14.32%), Life Insurance Corporation of India (12.20%), and NABARD (8.56%), with remaining stake held by public sector banks. SIDBI plays a pivotal role in MSME financing through direct and indirect lending, refinancing to banks and non-banking financial companies (NBFCs), and implementation of key schemes, such as SIDBI Make in India Soft Loan Fund for Micro, Small and Medium Enterprises (SMILE), Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE), Micro Units Development and Refinance Agency Limited (MUDRA) and Trade Receivables Discounting System (TReDS). It also facilitates digital financial inclusion via platforms such as Udyamimitra and the GST Sahay app. With government-nominated directors on its board, SIDBI is expected to continue receiving strong capital and strategic support to enhance formal credit access for MSMEs.

Healthy capitalisation levels
SIDBI's capitalisation profile remains strong, supported by steady accretion to reserves through internal accruals and a sizeable equity infusion received in FY26. Of the proposed capital infusion of ₹5,000 crore approved by the Union Cabinet, ₹3,000 crore was received in FY26 and balance ₹1,000 crore each is expected to be received in FY27 and FY28, continues to support SIDBI's growth runway.

On a consolidated basis, tangible net worth (TNW) stood at ₹44,759 crore as on March 31, 2026, against ₹37,209 crore as on March 31, 2025, and ₹32,470 crore as on March 31, 2024. On a consolidated basis, capital adequacy ratio (CAR) stood at 21.79%, with Tier-I and CET1 at 20.76% as on March 31, 2026 (FY25: 21.33% / 20.30% / 20.30%).

On a standalone basis, TNW increased materially to ₹40,981 crore as on March 31, 2026, from ₹33,999 crore as on March 31, 2025, and ₹30,040 crore as on March 31, 2024. Under the revised Basel III framework effective April 2024, SIDBI reported a standalone CAR of 21.79%, Tier-I CAR of 20.76%, and Common Equity Tier-1 (CET1) ratio of 20.76% as on March 31, 2026 (against 19.62% / 18.58% / 18.58%, respectively, as on March 31, 2025), comfortably above the regulatory minima of 9%, 7%, and 5.5%, respectively.

Following regulatory changes, SIDBI is no longer subject to the earlier RBI-prescribed borrowing ceiling (18x of net owned funds) and is permitted a leverage ratio of up to 24x of Tier-I capital. Standalone overall leverage (including deposits) moderated to 13.83x as on March 31, 2026, from 15.08x as on March 31, 2025 (FY24: 15.88x), while consolidated gearing eased to 13.28x as on March 31, 2026, from 14.56x as on March 31, 2025 (FY24: 15.77x).

SIDBI's wholly owned subsidiaries are adequately capitalised, with no anticipated requirement for capital support from the parent in the near-to-medium term. CareEdge Ratings expects timely and need-based capital support from GoI, which would provide additional headroom for growth and maintain capital buffers at prudent levels.

Strong resource profile
SIDBI's resource profile remains strong, supported primarily by domestic borrowings, low-cost MSE Refinance Funds, and a marginal share of overseas borrowings. On a standalone basis, as on March 31, 2026, domestic borrowings constituted 63.25% of total resources (March 31, 2025: 61.63%; March 31, 2024: 56.06%); total Rural Infrastructure Development Fund (RIDF) deposits formed 32.62% (FY25: 35.32%); and overseas borrowings stood at 0.56% (FY25: 0.23%; FY24: 0.66%). On a consolidated basis, total borrowings (including deposits) stood at ₹5,94,284 crore as of March 31, 2026, against ₹5,41,788 crore as on March 31, 2025, with domestic borrowings forming 61.58%, RIDF deposits 34.49%, foreign-currency borrowings 0.53%, and fixed deposits 3.40% of the consolidated borrowing mix.

In FY26, SIDBI was allocated ₹54,500 crore under the MSE Refinance Fund. A similar level of priority sector lending (PSL) deposit allocation is anticipated in the next year. While MSE Fund allocation may decline, as banks meet PSL targets, SIDBI is expected to maintain access to competitive funding, leveraging its apex FI status.

Stable profitability metrics
SIDBI's profitability profile continues to remain structurally moderated due to regulatory caps on lending margins in the MSE refinance segment and its historical reliance on concessional MSE funding lines.

On a standalone basis, advances grew by 16.82% y-o-y in FY26 to ₹579,755 crore (FY25 growth: 8.83%), reflecting healthy credit demand and disbursement momentum. Standalone total income[3] grew by 9.40% to ₹41,852 crore in FY26 (FY25: ₹38,254 crore), supported by steady interest income growth to ₹41,330 crore (FY25: ₹37,831 crore). Standalone yields remained broadly stable at ~6.98% (FY25: 7.03%; FY24: 6.86%); however, cost of funds inched up to 5.89% (FY25: 5.73%; FY24: 5.43%), with net interest spreads compressing to 1.09% (FY25: ~1.30%). Operating expenses remained range-bound (standalone opex/average total assets at 0.27% in FY26 against 0.26% in FY25), and credit costs declined due to higher accelerated provisions in previous years. Consequently, standalone profit after taxation (PAT) improved to ₹5,493 crore in FY26 (FY25: ₹4,811 crore; FY24: ₹4,025 crore), with return on total assets (ROTA) at 0.92% (FY25: 0.89%) and return on net worth (RONW) at 14.65% (FY25: 15.03%).

On a consolidated basis, net advances increased to ₹611,318 crore as on March 31, 2026, from ₹523,039 crore as on March 31, 2025 (16.88% y-o-y growth). Consolidated total income[4] stood at ₹43,980 crore in FY26 (FY25: ₹40,496 crore), with consolidated interest income at ₹43,480 crore (FY25: ₹40,098 crore) while consolidated net income margin (NIM) was 1.62% in FY26 (FY25: 1.83%; FY24: 1.95%) On a consolidated basis, PAT rose to ₹5,912 crore in FY26 (FY25: ₹5,596 crore; FY24: ₹4,822 crore), with consolidated ROTA of 0.94% (FY25: 0.97%) and RONW of 14.43% (FY25: 16.06%).

The funding mix has continued to shift towards relatively higher-cost market borrowings, partly replacing concessional refinance funds, exerting pressure on borrowing costs. Going forward, margin compression arising from the evolving funding mix may keep spreads range-bound in the near term, with operating efficiency and credit cost control likely to remain the key drivers of earnings performance.

Strong asset quality metrics
SIDBI's asset quality indicators remain strong in absolute terms, although there has been a noticeable uptick in recent periods. On a standalone basis, the GNPA ratio rose to 0.12% as of March 31, 2026, from 0.04% as of March 31, 2025 (March 31, 2024: 0.02%), with GNPA in absolute terms at ₹684 crore against a gross loan portfolio of ~₹5,70,092 crore. The company continues to maintain 100% provisioning on these assets, resulting in a net NPA (NNPA) ratio of 0.00% and NNPA/TNW of 0.00% as on March 31, 2026.

On a consolidated basis, the GNPA ratio moved to 0.11% as on March 31, 2026, from 0.03% as on March 31, 2025 (FY24: 0.03%), with NNPA at 0.00%, indicating that the asset quality of subsidiaries does not materially alter the consolidated picture.

The bulk of fresh slippages in FY26 has originated from the direct lending segment, which has structurally weaker asset quality compared to the refinance portfolio. The refinance portfolio benefits from diversified counterparty exposure and lower credit risk transmission and continues to anchor overall asset quality of the book at standalone and consolidated levels. Given the limited share of direct lending in the overall portfolio, its impact on consolidated metrics remains contained at present.

Key weaknesses

Concentrated lending portfolio
As on March 31, 2026, indirect financing constituted 90.50% of the standalone loan portfolio (March 31, 2025: 91.80%; March 31, 2024: 93.65%), reflecting SIDBI's apex refinance role. Within indirect financing, refinance to banks and FIs stood at 77.72% of the total loan book (FY25: 77.64%), refinance to NBFCs at 12.23% (FY25: 12.93%), and refinance to microfinance institutions

(MFIs) at 0.55% (FY25: 1.22%). Direct lending (loans and advances plus bills discounted) increased to 9.50% as on March 31, 2026, from 8.20% as on March 31, 2025, in line with SIDBI's thrust on direct finance.

The consolidated picture is broadly similar, with indirect financing at 90.99% of the consolidated net loan book of ₹611,318 crore as on March 31, 2026, given that subsidiary loan books are small relative to SIDBI's standalone book.

Top 10 exposures continue to be skewed towards highly rated banks and NBFCs (predominantly AAA/AA-rated counterparties). While portfolio concentration remains elevated, the low credit risk profile of the bank refinance book and the high credit quality of the largest counterparties provide significant comfort on credit risk.

Liquidity: Strong

SIDBI's liquidity profile remains strong, as the major portion of its loan book comprises refinance assets with an average tenor of three years, largely funded through RIDF deposits and long-term borrowings of similar maturity.

The structural liquidity statement, prepared on a standalone basis as on March 31, 2026, reflects a positive cumulative mismatch of ₹19,069 crore at the 6-month to one year bucket with cumulative mismatch positive throughout buckets beyond one year. Negative mismatches observed in the 0-3 months and 3-6 months buckets (cumulative gap of [₹16,294 crore] at six months gross of inflows), which is within RBI guidelines and are expected to be addressed through roll-over of debts, use of committed lines of credit and fresh borrowings, if required.

As on March 31, 2026, the FI had consolidated cash and bank balances of ₹13,364 crore and G-sec investments of ₹16,236 crore on a consolidated basis, providing significant liquidity buffers against scheduled outflows. Given its status as an apex financial institution and its ownership by GoI and public-sector entities, SIDBI continues to enjoy strong access to capital markets, which further strengthens its liquidity position.

Independent Auditor's Limited Review Report on Unaudited Standalone Financial Results for the quarter ended June 30, 2026 of Small Industries Development Bank of India pursuant to requirement of the Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

To,
The Board of Directors
Small Industries Development Bank of India

1. We have reviewed the accompanying statement of Unaudited Standalone Financial Results of Small Industries Development Bank of India (the "Bank") for the quarter ended June 30, 2026 ('the statements'), attached herewith, being submitted by the Bank pursuant to the requirement of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

2. **Management Responsibilities for the Financial Information**
The Statement, which is the responsibility of the Bank's Management and has been approved by the Bank's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Accounting Standards-25 Interim Financial Reporting (AS-25) notified by the Institute of Chartered Accountants of India, the Small Industries Development Bank of India General Regulations, 2000, the circulars, guidelines and directions issued by Reserve Bank of India from time to time (RBI guidelines) and the other accounting principles generally accepted in India and is in compliance with the presentation and disclosure requirements of the Listing Regulations, 2015 including relevant circulars issued by the SEBI from time to time. Our responsibility is to issue a report on the Statement based on our review.

3. **Scope of Review**
We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit.

4. **Other Matters:**
Included in these Financial Results are the relevant returns of Mumbai Offices reviewed by us which covers 92.55% of Advances, 94.88% of deposits, 100% of Borrowings as on June 30, 2026. In conduct of our review, we have relied upon various information and returns received from remaining branches of the Bank not visited by us for the purpose of review and generated through centralized data base at Bank's Head Office.

5. Conclusion

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited standalone financial results prepared in accordance with applicable accounting standards, the RBI Guidelines and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.

6. **Emphasis of Matter:**

We draw attention to Note No. 5 to the financial results regarding the Bank's Accelerated Provisioning Policy for standard advances. As explained therein, the additional provision on standard advances stands at ₹3,399.62 Crores as at June 30, 2026. Our opinion is not modified in respect of this matter.
